

Sohbet KARBUZ

Director of the Hydrocarbons Division at the Mediterranean Energy Observatory (OME), an energy industry association in France.

Mr. KARBUZ was working at the International Energy Agency in Paris before joining the OME. His main areas of interests are oil and natural gas markets, geopolitics, energy security, energy modeling and scenario building. He received his PhD in Natural Sciences from the Technical University of Vienna. He received his Bachelor of Science and Masters of Science degrees from the industrial engineering department of the Istanbul Technical University,

Sami MAHROUM

Academic and Executive Director of the INSEAD Business School Innovation and Policy Initiative, in Abu Dhabi-UAE.

Mr. MAHROUM worked as a Senior Analyst at the OECD in Paris and as a Visiting Reader at Birkbeck College, University of London. He received his PhD in Social Studies of Innovation from the German Armed Forces University in Hamburg. He has an MSc in Science & Technology Dynamics from the University of Amsterdam, and an interfaculty Bachelors degree in Political Science & Development from the University of Oslo, Norway.

He has published widely on innovation policy and on various policy-related themes ranging from innovation governance, measurement and policy at the national level to brain-drain and skills and learning issues.

Tarık YOUSEF

Chief Executive Officer of Silatech, an innovative social enterprise working on employment and enterprise opportunities, in Doha-QATAR.

Mr. YOUSEF was the founder dean of the Dubai School of Government. He worked as an economist at the World Bank and the IMF. He received his Ph.D. in Economics from the Harvard University and specializes in development economics and economic history with a particular focus on the Middle East.

Taha ÖZHAN

General Coordinator of the Foundation for Political Economic and Social Research (SETA), in Ankara-Turkey.

Mr. ÖZHAN received his Bachelor degree from the New York Institute of Technology. He received his Master Degree from the New School for Social Research and he specializes in foreign policy and political economy.

Çağatay TELLİ

Senior Economist at the COMCEC Coordination Office and Member of the International Stabilization Response Team for Libya.

Mr. TELLİ is an expert on Macro Models (CGEs), Regional Policy, Industrial Policy, Technology and Innovation Policy. He developed decision support systems and macroeconomic and sectoral computable general equilibrium models. During 2007-2009, he worked in the Directorate for Science Technology and Industry Department of the OECD as an economist. He participated to numerous international projects including the World Bank, UNDP and the Korean Development Institute and published policy based research papers, strategy documents and books.
