Brief Note on OIC Business Intelligence Center

(The OIC Institutions are expected prepare one-page brief notes regarding the main programs/activities (limited to 2 pages) in line with the sample template)

Brief Description of the Programs/Activities:

1. Taking into account the specific mandate of The Islamic Corporation for the Insurance of Investment and Export Credit (ICIEC) as mentioned in its Articles of Agreements “The objective of the Corporation shall be to enlarge the scope of trade transactions and the flow of investments among Member States”, ICIEC has embarked on initiating a study on the possibility to create an OIC Credit Information Bureau where the main goal was to replicate the success story of the Aman Union’s database.

2. After multiple internal and external consultations with stakeholders, ICIEC has decided to widen the initial scope of Credit Information so to include the setting up of an OIC Business Intelligence Centre where it will tackle, across the OIC region, the deficiencies in the availability of Business Intelligence Data to enabling Decision Making..

3. The COMCEC’s Follow Up Committee (08-10 May 2018, Ankara, Turkey) took note of the First Interim-Report on the OBIC and recommend to ICIEC to submit the said Interim-Report to MCs in order to enrich the document with their feedbacks by July 30, 2018.

4. Comments and inputs from distinguished MCs and OIC organs, among them, Turkey, Sudan, Egypt, Brunei and Azerbaijan, which commended the ICIEC’s proposal as well as the Interim Report and they provide us with guiding principles and technical updated information captured in the Report and Resolutions in front of the Distinguished Representatives from MCs.

5. During the 34th COMCEC Ministerial Meeting (29 November 2018), the following ministerial resolution was adopted and which reads as follows “Takes note with appreciation of the IDB Group’s initiative called “OIC Business Intelligence Center” led by the ICIEC and requests the IDB Group, in particular the ICIEC, to start operationalization of this initiative as an OIC Program under one of the IDB Regional Hub, in close partnership with SESRIC and other relevant OIC institutions as required”

6. During the 35th Session of the COMCEC (25-28 November 2019), the following resolutions were adopted, and which read as follows:

   - “70. Welcomes the mutual arrangement between IsDB Group, in particular ICIEC and SESRIC regarding the allocation of space location and other relevant resources by SESRIC for technical instruments for the OIC Business Intelligence Programme.”
   - “71. Takes note of the Report prepared by ICIEC on OIC Business Intelligence Programme and requests the ICIEC and SESRIC to complete the technical preparations for launching the Programme at the earliest.
   - “72. Also requests ICIEC in cooperation with SESRIC to conduct a survey for assessing the commercial data and credit information sharing systems of the Member Countries in order to ensure the operationalization of the Programme in line with the priorities and regulations of the Member Countries.”

7. The main objectives of the OBIC:
   a. Build best-in-class business intelligence ecosystem development capability to serve all OIC MCs (regulatory guidelines, data collection, security, consumer/creditor rights, cross-border data flow frameworks, PPP, Industry Association, other);
   b. Develop a best-in-class business intelligence database/digital platform that covers cross-border credit registry and linked credit bureau services (OIC wide with potential Hub & Spoke model);
c. Provide advisory services including capacity building to MCs across the different maturity levels to drive business/credit intelligence impact across all members;

d. Deliver an optimal operational model with key strategic partnerships and potential regional offices network and adoption model that serves all MCs at various maturity levels; and

e. Establish a strong business model for the Center to ensure long-term sustainability and impact.

8. Enhancing the OIC’s credit information ecosystem will impact positively on the following:
