Turkish Education
Association was founded in
1928 with the order of
Atatürk

- to provide better educational opportunities primarily for Turkish children in need of financial support
- to open schools with intensive high-quality English language education
- to open dormitories

A long-established NGO that aims at:

- Creating scientific platforms to increase educational standards
- Increasing awareness about the educational issues and proposing solutions
- Contributing to the Turkish Educational policy

Priorities at TED:

- Induction and online training
- In-service teacher training
- Formal recruitment procedure
- Enriching the national curriculum with international curriculum; IGCSE, BTEC, IB
- Rewriting curriculum for counseling and P.E. classes

FOR THE IMPROVEMENT
OF **EDUCATION**
QUALITY

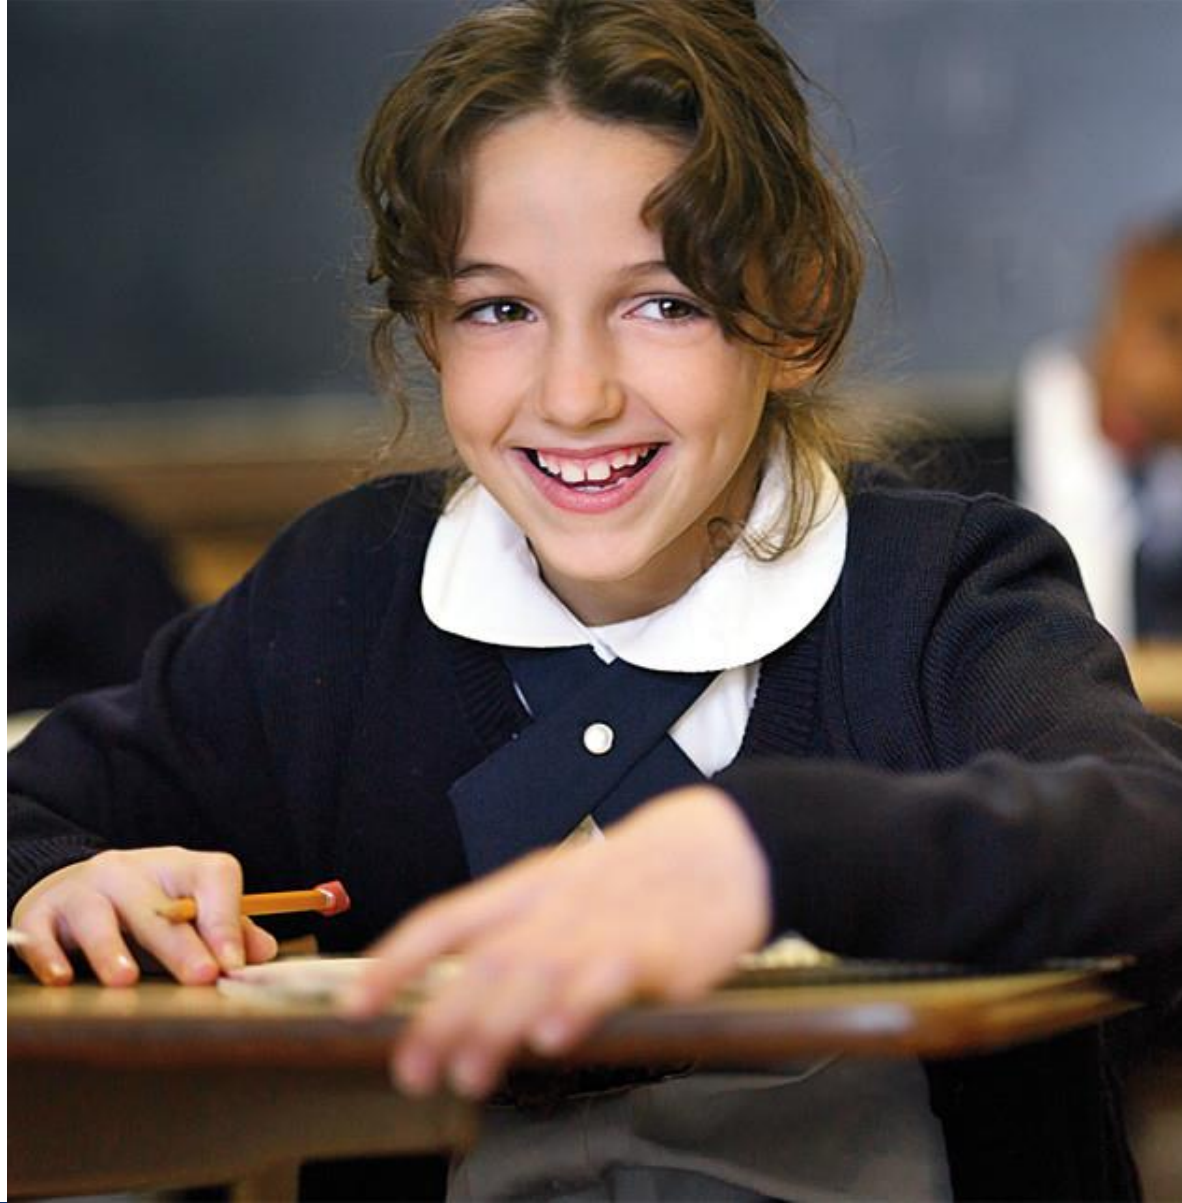

**TED offers
three different
scholarships**

1. Education Support Scholarship

- Since TED was founded
- Financial status of the student is the priority
- Public school students get the scholarship

2. Full Support Scholarship

- Since 2003
- Academically successful, financially less privileged public school students are supported
- “Full Support to Full Support Scholarship”
- Physically-challenged students are included

2. Full Support Scholarship

- Scholarship covers educational material and clothing expenses, as well as pocket money
- Scholarship provided until university degree is obtained
- Academic support tutoring provided
- Psycho-social development tracked
- Participating in sports, arts and socio-cultural activities

3. Full Education Scholarship

- Since 2003
- Most comprehensive and expensive nationwide scholarship
- Students join the scholarship program in the lower secondary school and pursue their education at TED School till high school graduation

3. Full Education Scholarship

- All education, transportation, food, school supplies and clothing expenses are provided
- In case the student is at a boarding school, all related expenses covered and pocket money provided
- Psycho-social support is provided

3. Full Education Scholarship

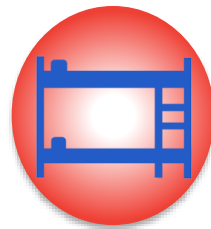

- Camps and activities with focus on art, culture and sports organized with the purpose of raising World citizens
- Scholarship continues during tertiary education and these students enter top ranking universities in Turkey and continue their graduate degree in top ranking universities overseas.

**UNIQUE
SCHOLARSHIP
OPPORTUNITIES**

- 186 children whose fathers died in Mining Explosion in Soma

- Successful children from less privileged parts of the country attend TED Schools with dormitory facilities

TEDMEM

tedmem

- Founded in 2012 to help create high quality education policies
- Functions like a bridge between decision makers, administrators, teachers, NGOs, academicians and other stakeholders
- Carries out research, events and publications
