

**Update on the implementation of the
Special Program for the Development of Africa (SPDA)**

April 2016

32nd Meeting of the Follow-up Committee of the COMCEC

(Ankara, Turkey, 17-18 May 2016)

Overview

Approvals

1. The SPDA approval phase ended in November 2012 (end of 1433H) and since then, the focus has been on deepening the implementation phase as 175 (valued at US\$ 1.7 billion) of the 377 OCR projects (valued at US\$ 3.7 billion) were approved in the last two years of the Program. These and other projects approved earlier are still going through the various stages of implementation. This set represents just under half (46 percent) of all the projects approved for the 22 countries during the approval phase of the Program.
2. By the end of the program in 1433H (12 November, 2012), total approvals by the IDB Group amounted to US\$5.1 billion for 480 operations (project financing, trade and Waqf operations).
 - a. These approvals represented an “achievement rate” of 125 percent of the earmarked allocations.
 - b. Total disbursements, as of November 2012, amounted to US\$1.8 billion or 36 percent of the approvals.

Approvals since the end of SPDA

3. The SPDA helped shed limelight on the African member countries. Even after the end of the SPDA, approvals for the 22 countries have continued to maintain an upwards trend. From 13 November 2012 to mid-January 2016, IDB Group approvals amounted to US\$ 8.1 billion, more than the total approvals made during the Program (US\$ 5.1 billion). Moreover, this does not include approvals made by the Islamic Corporation for the Insurance of Investment and Export Credit (ICIEC).

Disbursements

4. As of 10 January 2016, total disbursements stand at US\$ 1,618 million representing 43 percent of total approvals of US\$ 3,798.5 million during the implementation phase of the SPDA. A total of 67 projects have been implemented under the SPDA with the above-mentioned amount. This only relates to the IDB financing from its ordinary capital resources (OCR). In addition, other funding has been provided by the IDB Group entities, such as, ITFC, ICD and various other funds and programs.

What is expected from the US\$ 5

5. With the financing provided by the Program, many life-changing outputs are expected to be delivered to contribute towards improving the living standards of the population in the region. These expected outputs include over 2,500 KM of roads constructed or upgraded in addition to two new national airports; more than 900MW of electricity produced in six countries; over 200,000 cubic meters of clean water made accessible to over 50,000 households every day; more than 420 new primary and secondary schools (including 120 new madrassas) built, resulting in over 1400 classrooms; over 10 new hospitals and over 120 clinics, health centers and primary health care centers built or upgraded; about 10 strategic grain reserves built; and over 800,000 hectares of land developed and cultivated including marginal lands. Detailed listing of the expected outputs is given in the Annex.
6. Meanwhile the IDB Group also acknowledges the daunting challenges that still confront the countries, and as the President, H.E. Ahmad Mohammad Ali said, IDBG will continue to support its African member countries to reach their aspired development goals.

Way Forward

7. As mentioned above, IDB Group approvals for the SPDA continue to soar, adding even more projects for implementation in addition to the ones already under the Program. The priority now for the SPDA countries is to further deepen the implementation actions of the Bank, to ensure that the expected outputs are delivered and on time. Meanwhile, the conceptualization of a successor program (SPDA II) that will identify to find the most optimal ways that the IDB Group can support the countries for the most development impact.
