## ANNOTATED DRAFT AGENDA ITEMS

### AGENDA ITEM 2 Report on the COMCEC Strategy and Its Implementation

#### - The COMCEC Strategy and Its Implementation

COMCEC has been continuing its activities in light of the COMCEC Strategy, which has become operational in 2013.

The Strategy has a well-defined implementation mechanism, which ensures active and direct involvement of the Member Countries with its two instruments. Through the Working Groups (WGs), member country experts in the cooperation areas convene twice a year with the aim of producing and disseminating knowledge, and sharing experience and good practices. The WGs also provide a solid ground for creating a common understanding and approximating policies among the Member Countries to respond their common development problems.

The COMCEC Project Funding, second instrument of the COMCEC Strategy, enables the member countries registered to the WGs and the relevant OIC Institutions, to submit multilateral cooperation projects to be financed through grants by the COMCEC Coordination Office (CCO).

As of November, the WGs have held 10 rounds of meetings in six cooperation areas (9 meetings for Financial Cooperation Working Group) so far and deliberated on important issues and themes in each cooperation area. The details of each working group are given under the relevant agenda item. Under the COMCEC Project Funding mechanism, in 2017, 14 projects are being implemented and expected to be finalized by the end of the year. The CCO made the fifth project call on September 5<sup>th</sup>, 2017. The relevant documents regarding the COMCEC Project Funding are available on the COMCEC website. ([www.comcec.org](http://www.comcec.org))

Successful implementation of the Strategy requires effective coordination and communication between the member states and the CCO. In this regard, COMCEC National Focal Points and Working Group Focal Points responsible for each cooperation area in each member country convene annually to discuss ways and means to ensure the smooth and effective implementation of the Strategy. In this respect, the 5<sup>th</sup> Annual Coordination Meeting of the COMCEC Working Group Focal Points was held on 23-25 May 2017, in Ankara, Turkey.
