

## **OIC Institutions' Activities relevant to the prioritized Sustainable Development Goals (SDGs)**

Sustainable development has been included in the agenda of COMCEC since 2014, before the adoption of the 2030 Sustainable Development Agenda and the SDGs by the UN Special Summit in September 2015. The 2030 Sustainable Development Agenda and the SDGs include many goals and targets to be achieved by 2030 by all countries regardless of their level of development. With an ambitious agenda having 17 goals and 169 targets, achieving the SDGs necessitates effective multilateral cooperation among countries including the OIC Member Countries. In this framework, implementation of the SDGs in the OIC member countries is closely followed up within the scope of the COMCEC.

Since 2015 considerable efforts have been exerted under the COMCEC umbrella. As per the relevant resolution of the 30<sup>th</sup> COMCEC Session, a joint study on the critical success factors in the implementation of the SDGs in the OIC Member Countries was conducted by the COMCEC Coordination Office (CCO) and the Islamic Development Bank (IDB). For the effective implementation of the SDGs in the OIC Member Countries, the Study put forward five critical success factors; namely, governance, data and monitoring, capacity building, finance and policy coherence.

Furthermore, the IDB and CCO in cooperation with the SESRIC, ICDT, ICCIA, and SMIIC, conducted the study titled "Contributions of the OIC Institutions to the Achievement of the Sustainable Development Goals (SDGs)" which was welcomed by the 32<sup>nd</sup> Session of the COMCEC.

Moreover, SESRIC conducted Tendency Survey on SDGs Priorities of OIC Member Countries between 2015 and 2018 and submitted a report to the 34<sup>th</sup> Session of the COMCEC about the results of the Survey and the prioritized SDG areas. While taking note with appreciation of this report, the 34<sup>th</sup> COMCEC Session requested the COMCEC Coordination Office to compile the SDG-related activities of the relevant OIC institutions in the prioritized SDG areas.

Accordingly, along with the COMCEC Coordination Office, the relevant OIC Institutions including the IDB Group, ICCIA, ICDT, SMIIC and SESRIC, have prepared the attached list of their SDG-related activities implemented/being implemented in 2019 and their activities scheduled for 2020. Within their fields of competence, the relevant OIC institutions conduct various capacity building and experience sharing activities for contributing to and facilitating the implementation of the prioritized SDGs in the Member Countries.
