

COMCEC COVID Response

Experience Sharing

Projects enabling experience sharing among member countries to fight the negative impact of the pandemic. Sharing expertise projects may include main activities such as trainings, workshops, field visits etc.

ccr@comcec.org

The Project Owner shall prepare and submit "Project Fiche for Sharing Expertise" in the preliminary phase. The project fiche for sharing expertise shall describe main objective, purpose and target group of the project, details of project activities and

qualifications of the Project Coordinator (for workshop and training activity type),

qualifications of Trainer(s) (only for training activity type),

qualifications of Visiting Expert(s) (only for visiting expert activity type).

PO shall also fill out certain other sections of the project fiche if visiting expert activity type is selected. These sections include a template which indicates the general framework for the Field Report.
