RAPPORT DE SUIVI DE LA MISE EN ŒUVRE DU PROGRAMME EXECUTIF DE LA FEUILLE DE ROUTE POUR REALISER LES OBJECTIFS DU COMMERCE INTRA-OCI

I. HISTORIQUE

Le 3^{ème} Sommet Extraordinaire de l'OCI a adopté le Plan D'Action Décennal pour faire face aux défis auxquels la Oummah Islamique est confrontée au 21^{ème} Siècle, qui s'est concentré, entre autres, sur les mesures suivantes afin d'intensifier la Coopération Economique et Commerciale Intra-OCI :

- Accélérer la signature et la ratification par les Etats Membres de tous les accords commerciaux et économiques de l'OCI existants, et mettre en œuvre les dispositions pertinentes du Plan d'Action pour le renforcement de la Coopération Economique et Commerciale entre les Etats Membres de l'OCI;
- Assurer le soutien des activités de ce Plan par les Etats Membres au plus haut niveau possible;
- Encourager l'intégration économique régionale et le développement grâce aux accords de libre-échange, des unions douanières, des marchés communs et d'autres activités visant à renforcer le commerce intra-OCI et le développement ";
- Aider les États Membres de l'OCI dans leurs efforts pour adhérer à l'Organisation Mondiale du Commerce (OMC), et promouvoir des positions concertées entre les États Membres au sein de l'OMC;
- Soutenir l'expansion du commerce électronique entre les Etats Membres de l'OCI;
- Etablir un fonds spécial au sein de la Banque Islamique de Développement (BID) afin d'aider à contrer et réduire la pauvreté et offrir des possibilités d'emploi et charger le Conseil des Gouverneurs de la BID de l'établissement de ce fonds spécial, y compris les mécanismes de son financement;
- Demander au Conseil des Gouverneurs de la BID à prendre des mesures nécessaires pour assurer une augmentation substantielle du capital autorisé, souscrit et libéré de la Banque, de manière à lui permettre de renforcer son rôle en fournissant un soutien financier et une assistance technique aux États Membres de l'OCI, et de renforcer la Société Internationale Islamique de Financement du Commerce récemment créée au sein de la BID;
- Exhorter la BID à développer ses mécanismes et programmes visant à renforcer la coopération avec le secteur privé et à envisager de rationaliser et d'activer son processus décisionnel;
- Exhorter la BID et ses institutions à promouvoir les opportunités d'investissement et de commerce intra-OCI, et à mener d'autres études de faisabilité afin de fournir les informations nécessaires pour développer et promouvoir les coentreprises.

Ce Sommet a mandaté le COMCEC à promouvoir des mesures visant à élargir le champ du commerce intra-OCI, et à considérer la possibilité d'établir une zone de libre-échange entre les États Membres pour réaliser une plus grande intégration économique afin de porter à 20% le pourcentage du volume global des échanges au cours de la période couverte par le Plan, et a appelé les États Membres à soutenir ses activités et à y participer au niveau le plus élevé possible.

Suite à des consultations entre le Bureau de Coordination du COMCEC et le Centre Islamique pour le Développement du Commerce (CIDC) et la Société Internationale Islamique de Financement du Commerce (SIFC), à Istanbul, le 24 Octobre 2008 en marge de la 24ème Session Ministérielle du COMCEC et l'adoption de la «Feuille de route pour le renforcement du commerce intra-OCI" par la Réunion d'experts sur cette question tenue à Ankara les 5 et 6 Juillet 2008, le Groupe consultatif de l'OCI visant à accroître le commerce intra-OCI a été créée.

Ainsi, le Groupe consultatif a été créé en vue de booster une synergie entre les activités et les programmes des Institutions de l'OCI similaires dans le but de renforcer la coopération et la coordination entre elles durant la période la planification, la programmation et la mise en œuvre de ces activités. La feuille de route du Programme Exécutif pour le renforcement de commerce intra-OCI est un programme pluri- annuelle d'activités consolidé des institutions de l'OCI afin de partager des informations sur leurs projets et activités réalisées à et mettre en œuvre dans les pays Membres.

Ce groupe est composé des institutions suivantes:

Ce rapport est basé sur les données contenues dans les rapports du Groupe consultatif composé des Institutions et organisations suivantes : le Bureau de Coordination du COMCEC, la Société Internationale Islamique de Financement du Commerce (ITFC), le Centre Islamique pour le Développement du Commerce (CIDC), la Chambre Islamique de Commerce et d'Industrie et l'agriculture (ICCIA) et l'Organisation islamique des Armateurs Association (OISA), la Société Islamique d'Assurance des Investissements et des crédits à l'Exportation (SIACE), la Société Islamique pour le Développement du Secteur Privé (SID) et le Centre de Recherches Statistiques, Economiques et Sociales et de Formation pour les Pays Islamiques (SESRIC).

Chaque année, le Directeur Général du CIDC soumet le rapport de synthèse aux Organes Compétents de l'Organisation de la Coopération Islamique, notamment, la Commission Islamique des Affaires Economiques, Sociales et Culturelles, les réunions du COMCEC (Session Ministérielle et le Comité de Suivi) et aux réunions du Groupe de travail sur le commerce intra-OCI.

IV- LA VOIE A SUIVRE

OBSTACLES ET DÉFIS

Depuis la création du groupe, de nombreux efforts ont été fournis pour stimuler le commerce intra-OCI en particulier, dans les domaines du renforcement des capacités, la facilitation du commerce, le financement du commerce et l'assurance-crédit à l'exportation, le soutien aux PME, et la promotion des produits et services des États Membres, mais également le développement de produits stratégiques, à savoir les produits alimentaires, agricoles et de l'énergie.

Malgré les nombreux efforts fournis par le Groupe pour mener à bien ses activités, les objectifs visés ont à peine été réalisés pour les raisons suivantes :

- ❖ La mise en œuvre de projets régionaux intégrés n'est pas effectuée en fonction des priorités des pays et de l'expertise des institutions du Groupe et d'autres partenaires de développement dans la sous-région ;
- ❖ Le Manque d'investissement dans les produits à fort potentiel commercial;
- ❖ La non - participation du secteur privé et des organes de promotion du commerce dans les projets et les activités menées par le Groupe ;
- ❖ Le Travail en silos des institutions sur leurs propres projets et activités.

Afin de renforcer le commerce intra-OCI, les institutions de l'OCI et leurs partenaires de développement devraient collaborer et réaliser des projets conjoints en désignant des points focaux et les gestionnaires de projets régionaux dans les différentes chaînes de valeur des produits et des services, dans le but d'assurer le développement du commerce de la Oummah. Il s'agit notamment : des produits et services Halal (finance, produits alimentaires, cosmétiques ...), le secteur de la santé (produits pharmaceutiques et de bien-être), les services éducatifs et de logistique, des produits de coton, textile et cuir, l'énergie renouvelable. Les membres du groupe doivent également participer à divers groupes de travail du COMCEC et de contribuer à la mise en œuvre de projets supplémentaires dans les domaines de sa stratégie de coopération.

Durant ces six dernières années les Institutions Membres ont réalisés des activités importantes dans le renforcement du commerce intra-OCI, entre autres, à savoir:

- l'OCI : sensibilisation des accords SPC/OCI et de l'Investissement pour ses signatures et ratifications, l'opérationnalisation des projets d'infrastructure entre les pays africains et asiatiques, le développement du tourisme et de l'agriculture,.... ;
 - le COMCEC : mise en œuvre de la stratégie du COMCEC via la gestion des cycles de projets et des groupes de travail sur le commerce, le transport, l'agriculture et le financement...., la mise en œuvre du SPC/OCI ;
 - le CIDC : sensibilisation de l'importance de l'Accord SPC/OCI, l'organisation des foires et salons, formation en commerce international et l'organisation des business fora, renforcement du réseau des Organes de promotion du commerce ;
 - le SESRIC : renforcement des capacités sur les statistiques, la santé, les politiques de la concurrence, développement des produits stratégiques.... ;
 - la CICIA : développement du secteur privé par l'organisation des rencontres B2B surtout pour les femmes d'affaires, formation en agro-industrie, secteur Halal et d'un centre de développement des Affaires, renforcement des capacités des PME.... ;
 - l'OISA : renforcement du développement du transport maritime.
 - la SIFC : financement du commerce intra-OCI, développement des produits stratégiques, aide au commerce pour les pays de l'Asie Centrale et les pays arabes, organisation du forum du commerce, renforcement des OPC, promotion du commerce arabo-africain.... ;
 - la SIACE: assurance, réassurances et crédit à l'export des pays de l'OCI, renforcement des capacités dans le domaine d'assurance et de crédit à l'export du secteur privé.... ;
 - la SID : financement des projets de PME et des grandes entreprises privées et publiques.... ;
 - le DCI : renforcement des capacités dans le domaine des relations commerciales multilatérales et de l'intégration économiques régionale et en particulier dans le cadre de l'OMC.... ;
 - l'IRTI : études dans le secteur de la finance islamique, renforcement des capacités dans le domaine économique et social.
- **NOUVELLES MODALITES DE LA MISE EN ŒUVRE DU PROGRAMME EXECUTIF**

Nouvelles modalités de la mise en œuvre du Programme Exécutif

Le programme général est le niveau opérationnel de la feuille de route adoptée en Juillet 2008 à Ankara par une réunion du Groupe d'experts, toutefois, le programme doit être amélioré puisque il s'agit d'une simple combinaison de différents programmes et activités qui doivent être mis en place et mis en œuvre en parallèle, ce qui le rend très complexe.

La réunion a également souligné que le Groupe devrait procéder à une évaluation globale de l'impact des activités adoptées en vue d'atteindre l'objectif fixé de 20% du commerce intra-OCI en 2015.

Durant les six réunions du Groupe, les Institutions Membres ont discuté et exploré les voies et moyens pour améliorer la coopération et la coordination entre elles afin de créer des synergies dans les projets et activités menées dans le cadre du mandat du Groupe.

Par conséquent, les Membres ont soulevé les questions et les observations au cours de la période de la mise en œuvre de ses activités à savoir :

- La nécessité de renforcer davantage la coopération interinstitutionnelle ;
- L'importance de développer un processus de programme des activités communes ;
- L'amélioration des rapports des réunions et de mécanisme de contrôle ;
- La création des fonds ou des allocations financières des Etats Membres afin que le Groupe puisse s'acquitter la mise en œuvre des activités du Programme Exécutif.

Les Institutions de l'OCI opérant dans le domaine de la Coopération Economique et Commerciale sont dotées d'une expertise adéquate pour augmenter la part du commerce intra-OCI dans le commerce total des États Membres à 20% à l'horizon 2015.

Pour mieux accroître l'efficacité du groupe, il serait souhaitable :

- ✓ D'organiser un réunion de Haut niveau des dirigeants des Institutions de l'OCI afin de jeter les bases d'une nouvelle vision de coopération entre elles pour dynamiser le commerce intra-OCI sous les orientations communes du Secrétaire Général de l'OCI et du Président du Groupe de la BID et du Président du COMCEC ;
- ✓ D'organiser des journées de marketing et de communication dédiées aux services fournis par les Institutions de l'OCI, membres du Groupe consultatif sous l'égide du Secrétariat Général de l'OCI au profit des secteurs public et privé pour accélérer l'adhésion de certains pays de l'OCI à l'Accord SPC / OCI et à ses protocoles, ainsi qu'à la SIACE , l'Association Islamique des Armateurs (OISA), et à l'Institut Islamique de Normalisation et de Métrologie des Pays de l'OCI (SMICC) et plus particulièrement lors des réunions institutionnelles de l'OCI, du COMCEC et la BID ;
- ✓ D'organiser des activités conjointes impliquant au moins deux institutions de l'OCI et un nombre important d'États Membres ainsi que les Organisations Régionales et Internationales dans les activités des secteurs des produits et des services stratégiques des Pays de l'OCI en plus des régions identifiées par le Groupe Consultatif;
- ✓ D'allouer au Groupe consultatif un fonds spécialement consacré aux activités qu'il entreprend en collaboration avec les institutions régionales et internationales et les fondations qui opèrent dans les régions de l'OCI;
- ✓ D'impliquer davantage les autres institutions affiliées de la BID, telles la Société Islamique pour le Développement du Secteur Privé (ICD), le Département de la Coopération dans la mise en œuvre des activités du Programme Exécutif;
L'amélioration du mécanisme de coordination du Groupe Consultatif de l'OCI en vue de renforcer son efficacité et ses performances requiert les actions suivantes :
- ✓ Mise en œuvre des lignes directrices de la coopération adoptées par la Deuxième Réunion du Groupe consultatif de l'OCI tenue à Casablanca du 31 mai au 1^{er} juin 2010;

- ✓ Le groupe devrait deux réunions chaque année, (réunion du Groupe Consultatif et en marge des réunions institutionnelles, notamment, celles de la Commission Islamique pour les Affaires Economiques, Culturelles et Sociales et les réunions du COMCEC, mes réunions de coordination etc.)
- ✓ Mettre en place un mécanisme de consultation et de suivi entre les Groupements Economiques Régionaux au sein de l'OCI afin de renforcer leur liens de coopération et d'harmoniser leurs réglementations (notamment: ECO, CCG, UEMOA, UMA, l'Accord d'Agadir, GAFTA...) et de leur permettre de se joindre aux réunions du Groupe Consultatif;
- ✓ Inviter les partenaires stratégiques, ayant intégré des programmes ou des activités dans le Programme exécutif révisé, à devenir Membres du Groupe Consultatif et de contribuer à l'amélioration, la conception, la mise en œuvre et l'évaluation des projets du Programme Exécutif.

En somme, après les six années de mise en œuvre des activités du Groupe Consultatif, il sied de:

- Evaluer le programme exécutif selon les recommandations de la dernière réunion du Groupe ;
- Améliorer les processus de planification et de programmation et de suivi des projets;
- Améliorer la mobilisation des ressources et la création d'un guichet unique spécial pour financer les projets d'envergure impliquant plusieurs pays.

PROFIL DES INSTITUTIONS MEMBRES

The Organisation of Islamic Cooperation (OIC) (formerly Organization of the Islamic Conference) is the second largest inter-governmental organization after the United Nations which has membership of 57 states spread over four continents. The Organization is the collective voice of the Muslim world and ensuring to safeguard and protect the interests of the Muslim world in the spirit of promoting international peace and harmony among various people of the world. The Organization was established upon a decision of the historical summit which took place in Rabat, Kingdom of Morocco on 12th Rajab 1389 Hijra (25 September 1969) as a result of criminal arson of Al-Aqsa Mosque in occupied Jerusalem.

In 1970 the first ever meeting of Islamic Conference of Foreign Minister (ICFM) was held in Jeddah which decided to establish a permanent secretariat in Jeddah headed by the organization's secretary general. Mr. Iyad Ameen Madani is the 10th Secretary General who assumed the office in January 2014.

The present Charter of the Organization was adopted by the Eleventh Islamic Summit held in Dakar on 13-14 March 2008 which laid down the objectives and principles of the organization and fundamental purposes to strengthen the solidarity and cooperation among the Member States. Over the last 40 years, the membership has grown from its founding members of 25 to 57 states. The Organization has the singular honor to galvanize the Ummah into a unified body and have actively represented the Muslims by espousing all causes close to the hearts of over 1.5 billion Muslims of the world. The Organization has consultative and cooperative relations with the UN and other inter-governmental organizations to protect the vital interests of the Muslims and to work for the settlement of conflicts and disputes involving Member States. In safeguarding the true values of Islam and the Muslims, the organization has taken various steps to remove misperceptions and have strongly advocated elimination of discrimination against the Muslims in all forms and manifestations.

The Member States of the OIC face many challenges in the 21st century and to address those challenges, the third extraordinary session of the Islamic Summit held in Makkah in December 2005, laid down the blue print called the Ten-Year Program of Action which envisages joint action of Member States, promotion of tolerance and moderation, modernization, extensive reforms in all spheres of activities including science and technology, education, trade enhancement, and emphasizes good governance and promotion of human rights in the Muslim world, especially with regard to rights of children, women and elderly and the family values enshrined by Islam.

Under the Charter, the Organization aims, inter alia, to:

- Enhance and consolidate the bonds of fraternity and solidarity among the Member States;

- Safeguard and protect the common interests and support the legitimate causes of the Member States and coordinate and unify the efforts of the Member States in view of the challenges faced by the Islamic world in particular and the international community in general;

PRINCIPALES RECOMMANDATIONS

2009-2014

Recommandations 2009

Le Comité a dûment noté les efforts entrepris par toutes les Institutions de l'OCI, mais a recommandé l'adoption d'une approche davantage proactive et tangible afin de donner un sens à ces efforts. Le Comité a également mis l'accent sur la nécessité de coordination entre toutes les Institutions de l'OCI afin de rendre la feuille de Route plus effective.

Suite aux trois réunions de travail ; pendant lesquelles, chacune des Institutions de l'OCI ont présenté leurs programmes, la réunion a consacré la deuxième journée à l'examen de toutes les activités proposées contenues dans la matrice de synthèse en plus des propositions introduites dans les premières parties de ce rapport, les recommandations générales suivantes ont été faites :

1. Donner la priorité dans la mesure du possible aux compétences qui existent déjà au sein des Institutions de l'OCI, et dans d'autres Etats Membres dans tous les domaines de coopération ;
2. Encourager et aider les Etats Membres à adopter les politiques et les mesures visant la facilitation du commerce intra-OCI en particulier, et celui des Etats Membres en général, y compris l'amélioration de l'accès aux marchés, l'abolition des barrières d'entrée aux marchés, la lutte contre les pratiques de distorsion du commerce et le soutien aux OPCs. Une attention particulière sera accordée aux Pays les Moins Avancés de l'OCI ;
3. Promouvoir l'Accord Cadre sur les Préférences Commerciales entre les Etats Membres de l'OCI (SPC/OCI) et le PRETAS qui constituent l'outil clef susceptibles de donner de l'impulsion au commerce intra-OCI. Par conséquent, il est essentiel pour les pays de l'OCI de mettre en œuvre le PRETAS qui aura un impact perceptible sur le commerce intra-OCI ;
4. Assurer une meilleure coordination sur la mise en œuvre des activités et des projets adoptés par les Groupe d'Experts sur le commerce intra-OCI à travers un mécanisme tripartite impliquant les institutions financières (la BID et d'autres fonds, etc.), les institutions chargées de l'exécution de ces activités et projets (la SIFC, le SESRIC, la CICI et le CIDC) et les pays donateurs et d'accueil ;
5. Confier au CIDC la tâche d'assurer le secrétariat du programme exécutif de la Feuille de Route en vue de réaliser les objectifs du commerce intra-OCI ;

Recommandations 2012

Nouvelles modalités de la mise en œuvre du Programme Exécutif

Le programme général est le niveau opérationnel de la feuille de route adoptée en Juillet 2008 à Ankara par une réunion du Groupe d'experts, toutefois, le programme doit être amélioré puisque il s'agit d'une simple combinaison de différents programmes et activités qui doivent être mis en place et mis en œuvre en parallèle, ce qui le rend très complexe.

La réunion a également souligné que le Groupe devrait procéder à une évaluation globale de l'impact des activités adoptées en vue d'atteindre l'objectif fixé de 20% du

commerce intra-OCI en 2015. L'évaluation peut se faire selon les indicateurs de performance suivants:

- ✓ Part des échanges intra-OCI ;
- ✓ Indice de la Facilité de conclure des affaires (Ease of Doing Business) ;
- ✓ Indice de performance de la logistique ;
- ✓ Financement du commerce ;
- ✓ Croissance nominal / réel des échanges ;
- ✓ Diversification des produits et des marchés ;
- ✓ Niveau d'utilisation des assurances de crédit à l'exportation dans les Pays Membres.

Note avec satisfaction les propositions du CIDC et de la SIFC relatives à la nécessité d'élaborer une stratégie du commerce intra-OCI pour la période 2015-2025 et suggère d'entamer les consultations avec les institutions concernées de l'OCI (le Secrétariat Général de l'OCI et le Bureau de Coordination du COMCEC).

Au cours des discussions, les participants ont également souligné l'urgence d'adopter une stratégie commerciale de l'OCI pour un développement durable du commerce intra-OCI en vue d'harmoniser différents programmes des institutions de l'OCI et de développer des synergies non seulement entre les institutions de l'OCI, mais également entre les programmes nationaux, régionaux et internationaux portant sur le commerce extérieur dans la région de l'OCI.

À cet égard, le CIDC a présenté deux documents de travail couvrant la période s'étendant au-delà de 2015 à savoir «l'Agenda de Marrakech pour accroître l'efficacité du Programme Exécutif pour le Renforcement du commerce intra-OCI et le Plan d'Action pour le Renforcement du commerce intra-OCI.

Les Institutions de l'OCI opérant dans le domaine de la Coopération Economique et Commerciale sont dotées d'une expertise adéquate pour augmenter la part du commerce intra-OCI dans le commerce total des États Membres à 20% à l'horizon 2015.

À cet effet, il serait souhaitable :

- ✓ D'organiser des activités conjointes impliquant au moins deux institutions de l'OCI et un nombre important d'États Membres ainsi que les Organisations Régionales et Internationales dans les activités des secteurs des produits et des services stratégiques des Pays de l'OCI en plus des régions identifiées par le Groupe Consultatif;
- ✓ D'allouer au Groupe consultatif un fonds spécialement consacré aux activités qu'il entreprend en collaboration avec les institutions régionales et internationales et les fondations qui opèrent dans les régions de l'OCI;
- ✓ D'impliquer davantage les autres institutions affiliées de la BID, telles la Société Islamique pour le Développement du Secteur Privé (ICD), le Département de la Coopération dans la mise en œuvre des activités du Programme Exécutif, en particulier, dans le cadre du GRTC;
- ✓ D'impliquer le secteur privé dans toutes les activités du Groupe consultatif en encourageant la participation des PME-PMI et des PMA par le biais d'un financement important par les Institutions de Financement de l'OCI;
- ✓ D'organiser des journées de marketing et de communication dédiées aux services fournis par les Institutions de l'OCI, membres du Groupe consultatif au profit des secteurs public et privé pour accélérer l'adhésion de certains pays de l'OCI à l'Accord SPC / OCI et à ses protocoles, ainsi qu'à la SIACE, l'Association Islamique des Armateurs (OISA), et à l'Institut Islamique de Normalisation et de Métrologie des Pays de l'OCI (SMICC).
- ✓ L'amélioration du mécanisme de coordination du Groupe Consultatif de l'OCI en vue de renforcer son efficacité et ses performances requiert les actions suivantes :
- ✓ Mise en œuvre des lignes directrices de la coopération adoptées par la Deuxième Réunion du Groupe consultatif de l'OCI tenue à Casablanca du 31 mai au 1^{er} juin 2010; **(les lignes directrices de la coopération sont jointes en annexe 4)**;
- ✓ Le groupe doit tenir deux réunions chaque année, (réunion du Groupe Consultatif et en marge des réunions institutionnelles, notamment, celles de la Commission Islamique pour les Affaires Economiques, Culturelles et Sociales et les réunions de
- ✓ Mettre en place un mécanisme de consultation et de suivi entre les Groupements Economiques Régionaux au sein de l'OCI afin de renforcer leur liens de coopération et d'harmoniser leurs réglementations (notamment: ECO, CCG, UEMOA, UMA, l'Accord d'Agadir, ZALE ...) et de leur permettre de se joindre aux réunions du Groupe Consultatif;

- ✓ Inviter les partenaires stratégiques, ayant intégré des programmes ou des activités dans le Programme exécutif révisé, à devenir Membres du Groupe Consultatif et de contribuer à l'amélioration, la conception, la mise en œuvre et l'évaluation des projets du Programme Exécutif.
