An Overview of ICIEC

ICIEC was established in 1994 in Jeddah, Kingdom of Saudi Arabia, as a multilateral institution and member of the Islamic Development Bank (IsDB) Group. It's owned by the AAA-rated IsDB and 50 Member States of the OIC. It has pioneered Shariah-compliant trade credit and investment insurance and reinsurance solutions, and is a co-founder of the AMAN Union, representing Export Credit Agencies of the OIC and Arab League of States.

ICIEC At a Glance

- Authorized Capital of Islamic Dinar (ID) 1 billion.
- Rated Aa3 by Moody's with a stable outlook.
- Rated AA- by S&P with a stable outlook.

Vision

To be recognized as the preferred enabler of trade and investment for sustainable economic development in Member States.

Mission

To facilitate trade and investment between Member States and the world through Shariah-compliant risk mitigation tools.

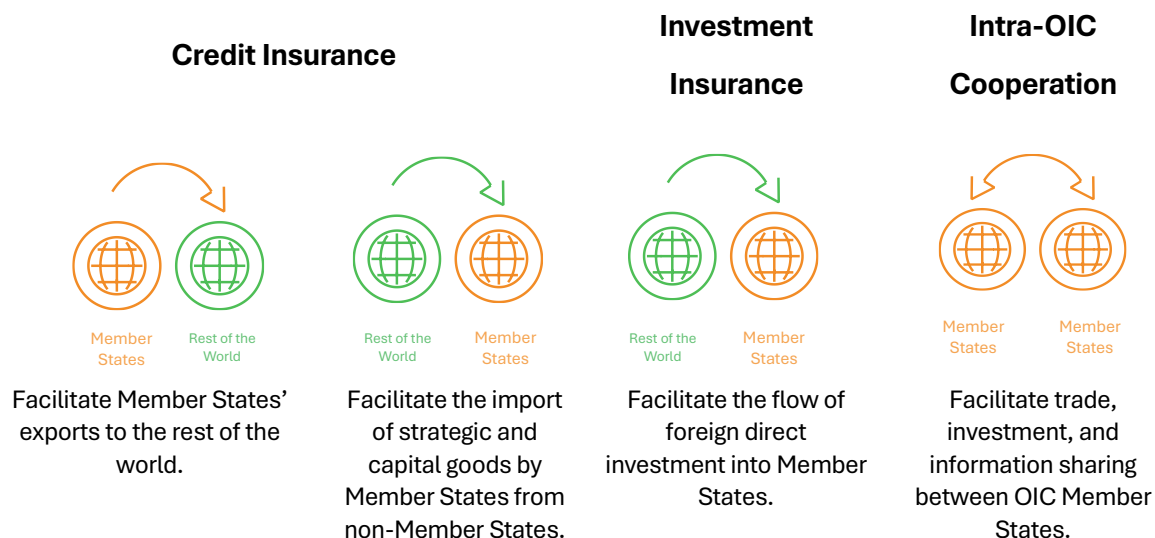

Mandate

ICIEC's mandate is to promote cross-border trade and foreign direct investment in its Member States.

It does so by providing risk mitigation and credit-enhancement solutions to Member States' exporters selling to buyers across the world, and to investors from across the world investing in Member States.

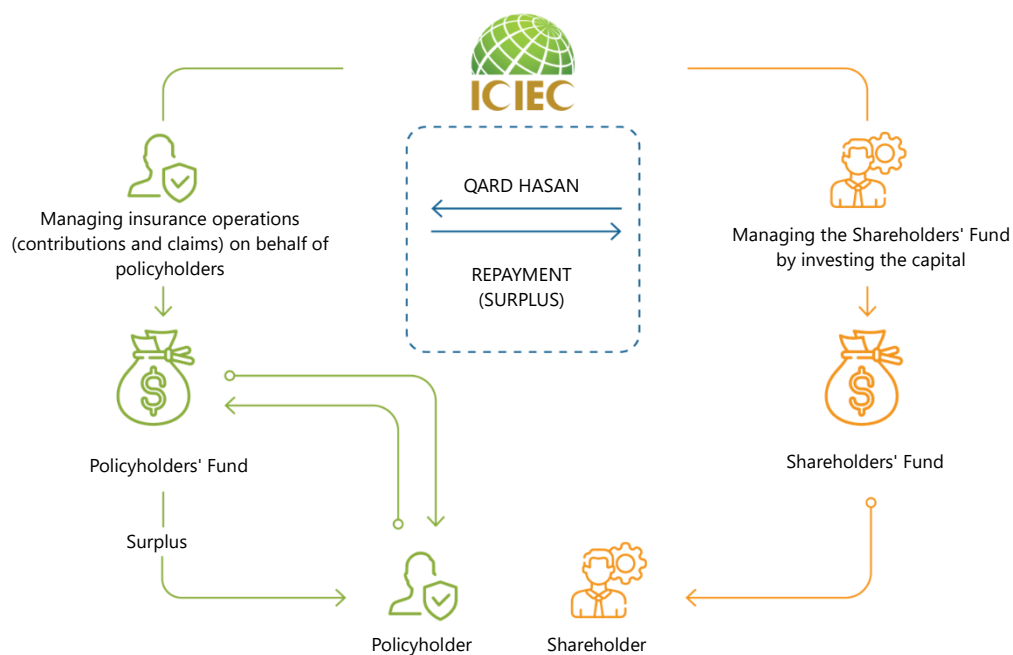

ICIEC also supports international exporters selling to Member States if the transactions are for capital goods or strategic commodities.

Executive Summary

Last year, ICIEC celebrated three decades of transformative impact in credit and political risk insurance for its Member States. Its achievements, innovations, and future potential in fostering sustainable economic growth and partnerships were commemorated in a book published last year.

USD 3.3 billion
Trade and investment related to green projects

Cumulative Business Insured and Technical Results

Over three decades, ICIEC has insured USD 121.2 billion in trade and investment for its Member States, including USD 96 billion in export credit and USD 25.2 billion in investment insurance.

There has been accelerated growth in ICIEC's Business Insured in recent years, with nearly half of its cumulative business - USD 57.5 billion - transacted in the last five years alone.

Figure 2 - Business Insured over the past 5 years and since inception

ICIEC has actively broadened and deepened its client base and market reach whilst simultaneously improving its technical underwriting performance, as reflected by its eighth consecutive year of technical surpluses. This is an extraordinary feat considering that ICIEC has more than doubled its Business Insured over the same period.

ICIEC Support for Food Security and Climate Change

To support its strategic realignment goals, ICIEC has taken the following steps to mitigate the ongoing impact of food insecurity and climate change.

Climate change

Allocated USD 5.7 billion for clean energy projects.	Introduced Green Sukuk insurance policy.	ICIEC’s Board of Directors approved the ICIEC Climate Change Policy.
Forged new partnerships with Global Green Growth Initiative (GGGI) and the West African Development Bank (BOAD).	Signed collaborative partnership agreements with the International Renewable Energy Agency (IRENA), through the Energy Transition Accelerator Financing Platform (ETAF), a multi-stakeholder climate finance solution.	ICIEC issued a EUR 103 million insurance policy to Standard Chartered Bank, supporting the Senegal government’s initiative to install 50,000 off-grid solar-powered streetlamps in rural areas. This initiative marks a significant stride forward in renewable energy adoption in Senegal.

Food Security

Supported USD 1.8 billion in agricultural and fisheries products.	Approved over USD 1.12 billion to FSRP.	Enabled the mobilization of additional financial resources through well-planned reinsurance arrangements.
---	---	---

ICIEC contributed to the Arab Africa Trade Bridge (AATB) Food Security Program by insuring more than USD 75 million-worth of export of strategic goods.

Annual Business Performance

Despite a challenging economic climate, ICIEC has continued to provide invaluable support to a growing number of Member States through numerous projects and initiatives, while building financial resilience through continued surplus growth. Meanwhile, new partnerships, training and development programs, knowledge sharing, and investments in operational efficiencies ensure ICIEC is better positioned to meet its strategic goals.

Figure 6- ICIEC Support Provided to its Member States for Trade and Investment in 2024 (USD million)

Figure 7- Major Member States by Export Business Facilitated in 2024 (USD million)

Most of the export business facilitated in 2024 came from Türkiye, United Arab Emirates (UAE), Kazakhstan, Algeria, Kingdom of Saudi Arabia, Egypt, Bahrain, Jordan, Kuwait and Pakistan.

Figure 8- Major Member States by Import Business Facilitated in 2024 (USD million)

The larger share of countries in terms of import business facilitated in 2024 were Kazakhstan, Bangladesh, the UAE, Egypt, Türkiye, Kingdom of Saudi Arabia, Nigeria, Cote d'Ivoire, Pakistan, and Uzbekistan.

Figure 9- Major Member States by Inward Investment Facilitated in 2024 (USD million)

Most support for inward investment in 2024 was provided to Senegal, Türkiye, Côte d'Ivoire, Bangladesh, Egypt, Cameroon, Uzbekistan, Uganda, Maldives, and the UAE.

Figure 10- Major Member States by Outward Investment Facilitated in 2024 (USD million)

ICIEC supported outward investments in 2024, provided to Türkiye, Côte d'Ivoire, the UAE, Morocco, and the Kingdom of Saudi Arabia.

Figure 11- ICIEC support provided to its Member States in 2024 – top 10 states (USD million)

ICIEC's Commitment to Climate Action

From ICIEC's perspective, export credit insurance and political risk insurance are instrumental tools in addressing the climate action finance gap. The Corporation remains steadfast in its mission to support its Member States in their endeavors to counteract and adapt to climate change challenges. The intricate interplay of the water, energy and food nexus encapsulates the spectrum of climate action challenges, and this is mirrored in the diverse projects ICIEC provides support to.

Through its innovative solutions, ICIEC not only provides insurance coverage against non-payment risks in international value chains that support sustainability but also champions green investments. It is noteworthy that ICIEC has allocated a substantial USD 5.7 billion of its cover towards clean energy projects, underscoring its commitment to fostering a sustainable future. A testament to ICIEC's innovative approach is the introduction of the Green Sukuk Insurance Policy, designed to galvanize capital for environmentally friendly projects. ICIEC's membership in ETAF (energy transition accelerator financing platform), managed by the International Renewable Energy Agency (IRENA), and the Berne Union Climate Group, reflect its position as an industry leader that is at the forefront of developments and discussions on sustainable development.

Recognition of Sustainability

Insurance Adviser of the Year – Africa award for advancing sustainable development

ICIEC has been awarded ***Insurance Adviser of the Year – Africa*** at the IJInvestor Awards 2024 in recognition of its contributions to sustainable development in Africa, including projects in Côte d'Ivoire and Senegal focused on renewable energy and environmental sustainability. These initiatives are designed to improve lives and promote sustainable growth across the continent.

ICIEC's Contribution to the IsDB Group Food Security Response Program

Following global crises - including pandemics and wars - food prices surged, triggering widespread food insecurity, particularly in developing countries. In response, the IsDB Group allocated USD 10.5 billion over three years to address the crisis. In 2024, ICIEC continued to support Member States adversely affected by the food crisis. From the inception of the Food Security Response Program (FRSP) in July 2022 until December 2024, ICIEC's approved food-related transactions reached USD 1.12 billion, exceeding its pledged commitment of USD 500 million (throughout 31 December 2025), by more than 123%.

*Figure 12- Food Security Response Program (FSRP)
Approvals by Country (July 2022 – December 2024)*

ICIEC's support for food security-related transactions has positively impacted the lives of millions of people across several Member States. So far, ICIEC contributions have benefitted populations in Sub-Saharan Africa (Senegal, Togo, and Uganda), the Middle East and North Africa (MENA) region (Algeria, Egypt, Mauritania, Palestine, and Tunisia), and Asia (Bangladesh, Indonesia, Maldives, and Uzbekistan). In parallel, ICIEC has facilitated banking transactions that enabled the import of agricultural equipment, fertilizers, sugar, wheat, soya beans, canola, and other grains. In addition, ICIEC has supported investments aimed at modernizing the agriculture sector, reinforcing resilience against future food crises.

Partnerships and Expansion

The Togolese Republic becomes ICIEC's 50th Member State

ICIEC welcomes the Togolese Republic as its 50th Member State, enhancing its role in promoting trade, investment, and sustainable growth across OIC countries.

New Agreements and MoUs for 2024

During the 2024 IsDB Group Annual Meetings, ICIEC signed thirteen agreements and Memorandums of Understanding (MoUs) totaling USD 689 million with fifteen Member States and business partners. The agreements span various sectors, including infrastructure, healthcare, and telecommunications, strengthening ICIEC's role in promoting sustainable economic development. Additionally, ICIEC expanded its efforts by establishing new frameworks with the Saudi Agricultural Development Fund and the Federation of Contractors from Islamic Countries.

Strengthening Global Trade Through Strategic Partnerships

During 2024, ICIEC formed several strategic partnerships to promote trade, investment, and economic development across its Member States and beyond. Notable collaborations included a landmark MoU with the Japan Bank for International Cooperation (JBIC) to foster trade and investment between ICIEC Member States and Japan, with a focus on renewable energy and climate action projects in Central Asia. Additionally, an MoU with the Korea Overseas Infrastructure and Urban Development Corporation (KIND) aims to support Public-Private Partnership projects in infrastructure and clean energy across ICIEC Member States.

Furthermore, ICIEC, is working with other members of the Arab-Africa Trade Bridges (AATB) program to establish the Africa-Arab Guarantee Facility – an initiative aimed at strengthening trade ties between the Arab and African regions. A quota-share Retakaful agreement with MEXIM will enhance global trade credit risk coverage, while partnerships with the International Credit Insurance & Surety Association (ICISA) and AMAN Union are set to foster knowledge exchange and best practices in trade and investment insurance across OIC Member States.

The AMAN Union also partnered with RISC Institute DMCC to provide professional insurance training to its members. These strategic alliances reinforce ICIEC’s mission to leverage Islamic finance solutions in support of sustainable economic growth across its Member States.

Draft Resolutions

- **Takes note with appreciation** the outstanding performance of ICIEC operations during 2024, which resulted in the amount of USD 12.9 billion as business insured, compared to USD 13.3 billion in 2023, bringing the cumulative amount of business insured since inception to USD 121.2 billion.
- **Takes note with appreciation** ICIEC's role in supporting USD 5.9 billion of Intra-OIC business insured in 2024 (USD 5.1 billion of intra-OIC trade and USD 0.8 billion of intra-investment), involving 37 countries, and bringing the cumulative amount of intra-OIC trade and investment business insured since inception to USD 57 billion.
- **Congratulates** ICIEC on its strong alignment with six SDGs; namely SDG 2, SDG3, SDG7, SDG 8, SDG9, and SDG 17.
- **Acknowledges** ICIEC's efforts to support Food Security by approving USD 1.12 of food-related transactions, exceeding the pledge of USD 500 million that had been committed until 31 December 2025 by more than 123%.
