# Solidarity Agriculture Program

#### II. SOLIDARITY AGRICULTURE PROGRAM

#### **SOLIDARITY AGRICULTURE (GREEN MOROCCO PLAN)**

- A solidarity agriculture project is an agricultural development project that is economically viable which aims to sustainably improve the income the vulnerable small farmers in remote rural areas.
- These projects are based on the state intervention through public investment within the framework of a partnership with the beneficiaries that might be grouped within professional organizations.
- These projects take into consideration the sustainability in the management of the natural resources. In order to improve the resilience of the agricultural activity and the farmers as well.

#### **Reconversion project**

Conversion of existing types of production into other ones with more added value.

#### **Intensification project**

Concerns the types of production that have a real development potential and require only the intensification of the existing production.

#### **Diversification project**

Diversification of the types of production activities in order to secure additional production and income.

#### II. SOLIDARITY AGRICULTURE PROGRAM

#### **GREEN MOROCCO PLAN: MAIN KPI'S**

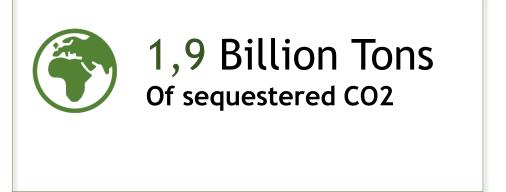

#### **GREEN MOROCCO PLAN: MAIN KPI'S**
