

TÜRKİYE CUMHURİYETİ
TARIM VE ORMAN BAKANLIĞI

THE REPUBLIC OF TÜRKİYE
MINISTRY OF AGRICULTURE AND
FORESTRY

22.09.2025

- Türkiye has a wide range of experience in agricultural and rural development activities and supports spanning many years.
- There are a wide range of supports carried out with national and international resources.

Agricultural Support Programs

Plant
Production

Animal
Production

Aquaculture
Production

Rural
Development

Agricultural
Research And
Development

Total Agricultural support budget for 2025 is 135 billion TL

1- Plant Production: Basic support, planned production support, production development supports, biological and biotechnical control support, licensed warehousing support etc.

2- Animal Production: Cattle farming support, small livestock supports, raw milk, cattle fattening support, beekeeping support etc.

3- Aquaculture Production: Aquaculture support, small-scale fisheries support, pufferfish fishing support

4- Agricultural Research and Development: Animal genetic resources support, Agricultural R&D projects.

5- Rural Development:

Rural Development Supports

KKYDP/ IPARD/ International Funded Projects(Disadvantaged areas)/ Irrigation

The basic grant rates for investment measures,

- KKYDP 50 % (100.000 TL - 20.000.000 TL)
- IPARD start at 50% and can go up to 75%. (20.000 Euro – 3.000.000 Euro)
- International Funded Projects in disadvantaged areas (IFAD/ World Bank) (%70-%100)
- Irrigation 50% (up to 10.000.000 TL)

Positive discrimination is applied to,

- women
- young people
- producer groups
- environment
- vulnerable groups

Economic and
Infrastructure Investment
Projects

20.650 Projects | 61 Billion TL Grant
126.632 Employment

Machinery Equipment
Supports

299.320 Machinery | 22 Billion TL Grant

Rural Development Investments Support Program (KKYDP)

Between 2006-2025

2025

Economic and Infrastructure
Investment Projects

1.238 Projects | 1,8 Billion TL Grant
2.218 Employment

| Investment Topics of KKYDP | Number of Projects |
|--|--------------------|
| Infrastructure Systems Investments for the Development of Family Business Activities | 5.165 |
| Investments on Beekeeping and Bee Products Processing and Packaging | 128 |
| Investments on Information Systems and Education | 239 |
| Steel Silo (Storage of Agricultural Products) | 685 |
| Improving Farming Operations | 3.490 |
| Investments for Handicrafts and Value Added Products | 30 |
| Processing, Drying, Packaging and Storage of Animal and Plant Origin Fertilizers | 70 |
| Silkworm Breeding Facility Investments | 1 |
| Investments for Rural Tourism | 53 |
| Investments for Machinery Park | 14 |
| Cold Storage | 493 |
| Investments for Structuring of Aquaculture | 2 |
| Fixed Investments for Agricultural Production | 2.295 |
| Processing, Drying, Freezing, Packaging and Storage of Agricultural Products | 6.430 |
| Investments for Collective Pressurized Irrigation | 630 |
| Investments for the Use of Renewable Energy Resources | 718 |
| Renewable Energy Production Facilities | 207 |
| TOTAL | 20.650 |

Expert Hands Project

- To those whom have received high school equivalent or higher education in the agricultural field,
- For their projects for rural areas
- 100% grant is given up to 250 thousand TL

Project Topics;

- a) Projects for animal production.
- b) Projects for plant production.
- c) Projects for aquaculture production (provided that the maximum production capacity does not exceed 29 tons/year).
- ç) Projects for the production of geographically indicated products and traditional products.
- d) Projects for the processing, packaging and storage of the products specified in clauses (a), (b), (c) and (ç).

In summary

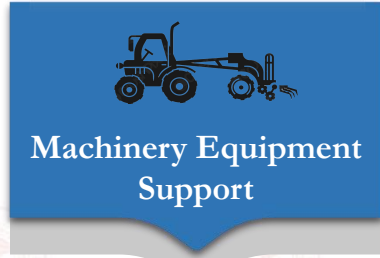

2006-2025

20.650
Projects

61 Billion TL
Grant
126.632
Employment

2006-2025

299.320
Machinery

22 Billion
TL Grant

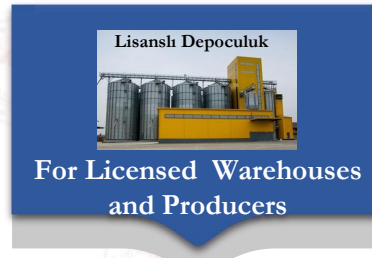

2020-2025

2.413
Projects

930
Million
TL Grant

2015-2025

240.465
Warehouse/
Producers

4,1 Billion
TL Grant

IPARD Programme

- IPARD is the Rural Development component of the Instrument for Pre-Accession Assistance, established by the European Union to support candidate and potential candidate countries.
- IPARD aims; to support harmonization preparations and policy development for the implementation and management of the Common Agricultural Policy, Rural Development Policy and related policies of the European Union.
- With the grants provided under the programme, it is aimed to promote compliance with EU standards in food safety, animal health, plant health and environment and to contribute to the sustainable development of rural areas.

- The IPARD Program started to be implemented in Türkiye in 2011 and a total of two programs were completed until the end of 2024.
- In the IPARD I and II period;
 - 25,304 projects were supported.
 - 1.82 Billion Euros in Grant Payments were made.
 - 104,304 people were employed.
- The IPARD III Program covering the period 2021-2027 was actually started to be implemented in 2024.

Measures Implemented under the IPARD Program

- M1- Investments in Physical Assets of Agricultural Holdings
- M3- Investments in Physical Assets Concerning Processing and Marketing of Agricultural and Fishery Products.
- M4- Agri-Environment, Climate and Organic Farming Measure,
- M5- Implementation of Local Development Strategies – LEADER Approach
- M7- Farm Diversification and Business Development.
- M9- Technical Assistance.

International Funded Projects Applied in Disadvantages Areas TÜRKİYE'S IFAD AND WORLD BANK PROJECTS APPROACH

ONGOING PROJECTS

GÖKSU TAŞELİ WATERSHED DEVELOPMENT PROJECT
2017-2025
\$ 22.27 M

UPLANDS RURAL DEVELOPMENT PROGRAMME 2018-2030
EUR 120,53 M

TÜRKİYE RESILIENT LANDSCAPE INTEGRATION
2021-2027
The Total Budget of the Project: 111.8 Million Euro
The Project Budget of the Directorate General of Agrarian Reform
(DGAR) :17.9 Million Euro

GÖKSU TAŞELİ WATERSHED
DEVELOPMENT PROJECT

Göksu Taşeli Watershed Development Project GTWDP

Project is being
implemented in Konya
Karaman provinces

| Beneficiary | Support % | Investment Amount (Euro) |
|------------------------------|-----------|--------------------------|
| Individual | 70% | 15.000 |
| Young and Women | 80% | 17.142 |
| Farmer Organization | 80% | 250.000 |
| Small and Medium Enterprises | 70% | 218.750 |
| Vulnerable Groups | 100% | 5.000 |

Some Examples of Support Schemes:

- Beekeeping Equipment and Hives
- Sewerage Systems with Biological Treatment
- Shepherd Shelters
- Support for the Very Poor and Poor Households
- Apple Slicing Machine
- Solar Power Plant
- Animal Welfare and Health Center
- Establishment of Cherry Orchard
- Portable Barn/Pen
- Installation of Vegetable Greenhouse
- Rooftop Solar Power Plant on Cold Storage
- High-Trellis Vineyard Installation
- Honey Filling and Packaging & Fondant Sugar Production Facility
- Individual Irrigation
- Solar Energy Panels
- Walnut Peeling Machine
- On-Farm Drying
- Establishment of Strawberry Orchard
- Electric Fence
- Solar-Powered Irrigation System

Uplands Rural Development Programme (URDP)

Project is being implemented in Adana, Mersin, Osmaniye, Bartın, Kastamonu, Sinop, Çankırı and Kahramanmaraş, Kayseri, Kütahya, Afyonkarahisar and Karabük Provinces

| Beneficiary | Support % | Investment Amount (Euro) |
|---------------------|-----------|--------------------------|
| Individual | 70% | 22.000 |
| Young and Women | 80% | 22.000 |
| Farmer Organization | 75% | 333.333 |
| Earthquake Package | 100% | 22.000 |
| Vulnerable Groups | 100% | 5.000 |
| Yörüks | 100% | 15.000 |

Some Examples of Support Schemes:

- Demonstration Installation of Strawberry and Plum Orchards
- Livestock Drinking Water Tank
- Lamb and Sheep Tent
- Machinery and Equipment Grant Support
- Establishment of Chickpea Field
- Construction of Water Troughs
- Living Tent and Honey Extractor for Beekeepers
- Walnut Orchard Demonstration
- Establishment of Walnut Orchard
- Demonstration of Home-Type Drying System (Persimmon)
- Construction of Shade Structures
- Installation of Closed Irrigation Water Systems
- Establishment of Kiwi and Lavender Orchards
- Support for Modern Beehives
- Greenhouse Installation
- Milk Cooling Tank
- Tent with Portable Solar System (for Nomadic Families)
- Living Container
- Feed Mixing Machine
- Construction of New Tent Barn

Türkiye Resilient Landscape Integration Project (TULIP)

**Project is being implemented in in two separate basins,
the Bolaman Stream Basin Rehabilitation Project (Ordu,
Tokat)**

**and the Çekerek River Basin Rehabilitation Project (Çorum,
Sivas, Tokat, Yozgat)**

| Beneficiary | Support % |
|-------------------|-----------|
| Individual Grants | 70% |
| Demonstrations | 100% |

Some Examples of Support Schemes:

- Efforts to Combat Bee Diseases
- Establishment of Kiwi Orchard
- Small Ruminant Livestock Development Project
- Procurement of Machinery and Equipment
- Cattle Breeding Development Project
- Pasture/Highland Improvement and Management Works
- Milking Machine
- Seed Distribution

IRRIGATION

Summary of Work Conducted; To conduct and support studies on the dissemination of modern on-farm pressurized irrigation systems that will save water.

- Modern pressurized irrigation systems that provide water savings in agriculture have been given a 50% grant support since 2007.
- As of the end of 2007/2025 (As of september), the basis for the grant is;
Number of projects (number): 58564
Area (million acres): 5.5
Grant payment (Billion TL): 11,43
- As of 2025, the project upper limit has been increased from 3 million TL to 10 million TL
- As of 2025, grant support will be provided for up to 50% of the grant-based purchase amount and the grant-based purchase amount is 10 million TL.

Investment issues within the scope of support

- Smart irrigation system
- In-field drip irrigation system
- In-field sprinkler irrigation system
- In-field micro sprinkler irrigation system
- In-field subsurface drip irrigation system
- Linear or Center Pivot irrigation system
- Drum irrigation system
- Solar-powered irrigation system
- Solar energy systems for agricultural irrigation
